

Wheel press.

MSA	Size	Kg
07.050	200 x 200 x 425 mm	7.680

The strongest wheel press arm in its class.
 Ideal for opening and closing the most recalcitrant screw-on backs.
 Its extreme robustness and long stroke make it a perfect adaptable tool.
 The monobloc design of this press guarantees optimal alignment.
 The ergonomic wheel provides great working strength and is suitable for both right- and left-handed users.

Compatible with all HOROTEC® dies and case holders, see pages 07-25...07-28 and 07-30...07-32.
