

# NATATOR 40

## NATATOR 40 MOBIL

### Water pressurisation machine

Datasheet, 27.05.2021, V1

 Engineered and made in Switzerland

A device used to pressure test watches up to 40 bar (400m).  
It operates without external power supply and is fully manual.

## Machine functions

- Ideal for individual testing and After-Sales service.
- Pressure up to 40 (400 metres).
- Tank and water collection tray made from stainless steel.
- No plug-in required.
- Completely autonomous.
- Built-in pressure gauge.
- NATATOR MOBIL with push function
